

Drive VBC success with ZS Provider Intelligence Engine

Understand and target the right providers to achieve your VBC objectives

Leading health plans use provider intelligence as a key ingredient in their overall value-based care (VBC) strategy. Yet, there is opportunity for improvement.

ZS Provider Intelligence Engine helps you match providers to the right VBC program and drives the following expected benefits:

- Improve overall trend
- Reduce total costs
- Decrease administrative costs
- Improve quality
- Enhance provider satisfaction

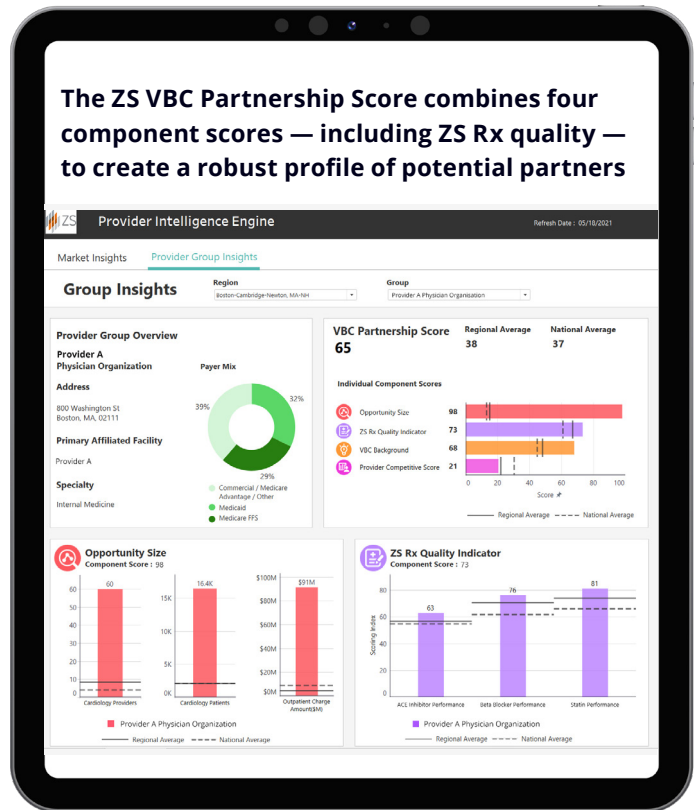

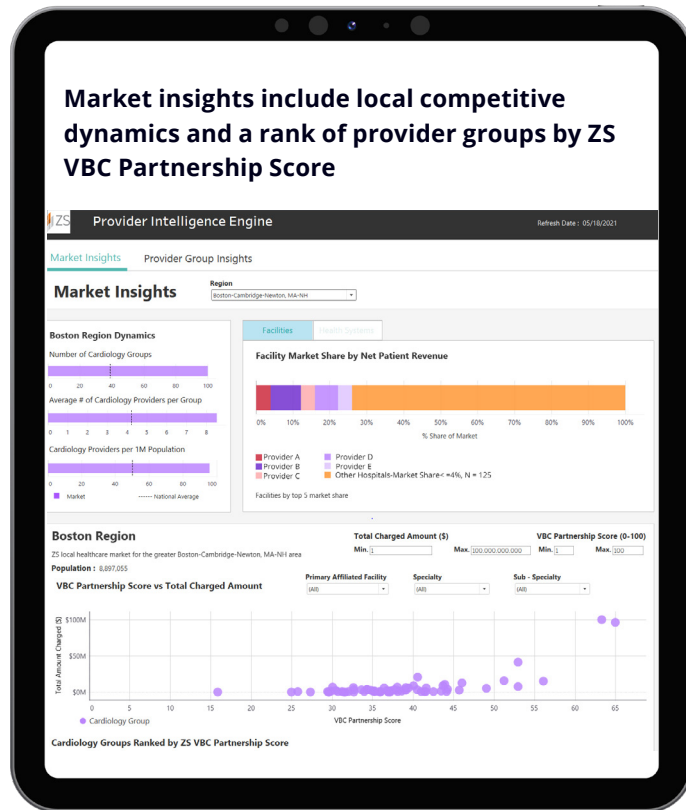

ZS's dynamic dashboard solution offers:

- A comprehensive **ZS VBC Partnership Score** to rank provider groups and view insights by provider group or region

- **Streamlined, convenient insights** sourced from third-party payer agnostic data:
 - **Market insights** that compare provider groups within a specific region, ranking the top VBC partnership targets
 - **Provider group insights** that deep dive into each practice's VBC Partnership Score, with regional and national performance benchmarks, for four dimensions:

1		Opportunity size
2		VBC background
3		ZS Rx quality score
4		Provider competitive strength

ZS Provider Intelligence Engine is positioned to provide your health plan with actionable insights on day one. It is configurable and customizable to meet the specific needs and priorities of your organization. Together with our full suite of Provider Intelligence services, it is a critical lever for optimizing the impact of VBC programs.
